

INVESTMENT PROJECT PROFILE

Project title	Zagreb start-up center for entrepreneurs from the region of Southeast Europe to help them set up their businesses
Project description	<p>Technology incubators and parks assist technology-oriented entrepreneurs in the start-up and early development stage of their companies by providing a workspace, shared facilities and a range of business support services. Particularly important for the early development stage of companies is the availability of business financing sources, especially forms of equity and semi equity capital that is crucial for further development. The intention of this Catalogue is to present technology incubators and parks as a source of investment projects (start-up companies) for business angels and venture capital funds.</p> <p>Founded in 2012. with the goal of helping aspiring entrepreneurs from the region of Southeastern Europe to build their companies, the ZIP has established itself as the strongest start-up incubator in the region. It was awarded the best entrepreneurship support institution in Croatia in 2014 by the Ministry of Entrepreneurship and Crafts.</p> <p>The ZIP Startup program is based on Lean start-up methodology and the expertise of our mentors. It's an intense 4 months long experience during which our teams go through a total of 24 educational workshops and bi-weekly reports, all taking place in the late afternoon hours. During educational workshops, start-up teams actively work on a specific area of their project with the help of assigned mentors in order to flesh out their business model and help them master the art of pitching their future customers and investors. During its first five years, the ZIP has raised 10 generations totalling 72 start-up teams and with more than 6 million HRK (800.000 EUR) of investments.</p> <ul style="list-style-type: none">• Teams in the ZIP Start-up Program are given access to a strong local and international network of mentors and entrepreneurs.• ZIP teams get featured in the media on average more than 400 times per year.
